

HACKATHON:

SHAPING THE FUTURE OF TECHNOLOGY

Are you a coding enthusiast? Do you love to experiment with new ideas and innovative solutions? Join us for MLSoft's upcoming Hackathon!

MLSoft is proud to host a Hackathon that will bring together the brightest minds in the tech industry. The event will be judged by industry professionals from leading companies across the globe, providing an opportunity for participants to gain exposure and network with leading professionals in the field.

The top 3 positions will be given cash prizes, and the top 5 positions will be offered internships in the ML/AI space with 3 months of paid coaching, with the potential for full-time employment. This is an incredible opportunity to launch your career with a leading company in the industry.
